

Monofilament Knitted Synthetic Non-Absorbable Surgical Mesh

## Ultimate strength and confidence for repair of

 abdominal wall hernia and deficienciesADVA0611

## ADVAMESH

## Advancing the Science of Tissue Reinforcement

## The ADVAMESH Edge

- Specially engineered for open \& laparoscopic hernia repairs
- Light compliant knit structure allows fibroblastic tissue response
- Ease of customization for confident clinical outcomes

- Advanced knitting structure allows optimal tissue growth \& flexible scar formation
- Enhanced burst strength and tensile strength for robust repair

Product Description

| Sr. <br> No. | Code | Mesh | Units <br> Per Box |  |
| :---: | :---: | :---: | :---: | :---: |
|  | ADVAP0611 | Colour | $6 \times 11$ | 1 |
| $\mathbf{2}$ | ADVAP7515 | UNDYED | $7.5 \times 15$ | $7.6 \times 15$ |
| $\mathbf{3}$ | ADVAP7615 | UNDYED | $10 \times 15$ | 1 |
| $\mathbf{4}$ | ADVAP1015 | UNDYED | $15 \times 15$ | 1 |
| $\mathbf{5}$ | ADVAP1515 | UNDYED | $15 \times 20$ | 1 |
| $\mathbf{6}$ | ADVAP1520 | UNDYED | $30 \times 30$ | 1 |
| $\mathbf{7}$ | ADVAP3030 | UNDYED | 1 |  |
